CONTROL PANELS

Hybrid Access Control Panel

Honeywell Hybrid Access Control Panel is a Honeywell's web-based NetAXS controller provides solutions for installations of any size.

Overview

Feedback

The Honeywell Hybrid Access Control Panel is a Honeywell's web-based NetAXS controller provides solutions for installations of any size. NetAXS-123 enables users to securely manage their system anywhere there's an Internet connection with no dedicated PC or software costs. The user-friendly design makes it simple to install and easy to operate and maintain. It gives you all the benefits of traditional access control, such as helping you secure doors, manage employee access, and manage sites remotely.

Features & Benefits:

- Flexible 3-in-1 Capability
- Embedded, cloud, or software-hosted capability from one panel
- Faster Installation
- Lower Cost of Ownership
- Increased Productivity
- New, faster, and more intuitive user interface decreases time spent on deployment and training
- Enhanced Security
- 256-bit AES encrypted communication between panel and hosts (browser, cloud, and WIN-PAK)
- Expand single door controller to manage 2 or 3 doors with 1 and 2-door add-on boards

Certifications:

- CE Certified
- FCC Compliant
- UL 294 Listed
