CARD READERS

HID Signo Reader

HID Signo™ are physical access control readers from HID Global. The versatility, performance and connected capabilities of HID Signo readers provide the most highly adaptable, interoperable and secure approach to electronic access control.

Overview

Feedback

HID Signo™ is the signature line of physical access control readers from HID Global. The versatility, performance and connected capabilities of HID Signo readers provide the most highly adaptable, interoperable and secure approach to electronic access control. HID Signo affords security system installers and administrators a simple and effective approach to secure access. HID Signo readers are designed to be connected and managed remotely without needing to physically touch each device. This functionality empowers access control systems to dynamically respond as new needs, configurations or threats arise.

Features & Benefits:

- Highly Versatile
- Unparalleled Performance
- Mobile-ready by default
- Sleek, innovative design to suit modern architecture
- Integrated OSDP for secure authentication and configuration post installation
- Designed to seamlessly integrate into the HID Origo® ecosystem
- Built on a hardware platform designed to be adaptable to support future technology

Certifications:

- UL294/cUL
- FCC
- IC
- CE
- RCM
