Overview

Feedback

OmniProx™ vandal-resistant proximity card readers are 125 kHz and HID® compatible and deliver outstanding and consistent performance in a small package with attractive styling. OmniProx vandal-resistant proximity card readers combine unique functionality, high-quality engineering, and design for a variety of applications in the electronic access control market. The readers offer superb reliability and consistent read range. Installation is simple and fast with a mounting template included. Increased security functions like optical tamper and security screw prevent unauthorized users from removing the reader from the wall or attempting to compromise the system. For locations that require a proximity reader able to withstand the vandal-prone environments, such as universities, schools, elevators, and prisons, OmniProx vandal-resistant proximity card readers come standard in a zinc die-cast metal housing.
